39.2 MWp SPP project in Cherkasy region

Overview

Location	Zolotonosha district
Land plot area	75 hectares
Usage type	land lease

Grid connection

- 35 kV transmission line, an approximate length of 2 × 2,5 km;
- reconstruction of 150/110/35/10 kV substation "Zolotonosha"

Project progress

- A 25-year land lease. Category of land plot – 14.01. For placement, construction, operation and maintenance of buildings and structures of power generating enterprises, institutions and organizations
- Urban conditions and restrictions were received
- The feasibility study of the SPP power output scheme has been developed and agreed with PJSC "Cherkasyoblenergo" and SE "NPC" Ukrenergo"
- The technical specifications for electric power grids of electrical installations that are not a standard connection of SPP 39.2 MW have been received from PJSC "Cherkasyoblenergo", which have been agreed with SE "NPC" Ukrenergo"
- Topographic and geodetic survey of the land plot was developed
- Engineering-geological surveys were conducted
- SPP construction project has been developed
- Declaration on the beginning of construction work was received
- Pre-PPA has been concluded with SE "Guaranteed Buyer"

Project advantages due to initial analysis:

- Short distance to the connection point
- High insolation
- Technical solutions agreed in the TSO (NPC "Ukrenergo")
- Technical solutions agreed in the DSO (Oblenergo)
- Low competitiveness of the region over electric grids
- Low unit cost of connection
- High station capacity

Important information

Land lease	77 566 EUR / year
Connection cost	925 000 EUR
Specific cost	23 620 EUR / 1 MWp
